Fresno City Council Adopts New Fresno Area Express Fare Structure

After receiving public comments and discussing proposed fare increases, the Fresno City Council voted on December 16, 2010, to adopt a new fare structure for Fresno Area Express (FAX) and Handy Ride services.

Prior to Council's December 16th vote, FAX fixed-route fares had not increased since 2001 and Handy Ride fares had remained unchanged for 20 years.

"The fare increase will help to ensure the continuation of essential public transit service in our community," said Ken Hamm, Director of Transportation.

New Fares become effective on January 10, 2011.

NEW TRANSIT FARES

**FOR
FAX & HANDY RIDE**
